

## Model Name: Kalinnda Solar Street Light Set 30W - M

### Dimension

### Illumination Diagram

### Specification

Model	KD-SSS-M-030-XX
Power Consumption	30W
Lamp Efficacy	100-110lm/W
Lamp Initial Flux	3000-3300lm
Input Voltage	DC12/24V
Temperature Color	3000K (WW) / 5000K (CW) / 6500K (DL)
Beam Angle	Horizontal: 90°
Material	Aluminum Housing & Glass Lens
Number of LED	1pcs of 30W
Number of Driver	1pcs of Adjustable Driver
IP Rating	IP65
Working Lifetime	35000 Hrs
Support Hole Size	Diameter 48mm (1.5in)
Size of Component Box	W300 x L250 x H450 mm
Size of Solar Panel	P940 x N675 mm
Warranty	2 Years

Other Component	
Power of Solar Panel	DC18V / 80W
Solar Control Charger	DC 12/24V / 10A / PWM
Battery	DC12V / 60AH / Deep Cycle
Battery Lifetime	Estimate 3 Years
Battery Re-Check Time	Every 6 Months
Charging Time	At least 5 Hrs (Start 09.00 AM)
Working Time	Estimate 12 Hrs (06.00 PM – 06.00 AM)

### Warning

- ◆ Do not disassemble the Lights by yourself, or it will cause the damage of the Light and its accessories
- ◆ Be carefully, do not touch the light without power off
